

# VC30

## Duct video inspection system

Duct inspection equipment with video recording capability on external USB memory stick. Includes a 30 metre semi-rigid flexible shaft reel with marking every 5 metres. Compact ABS case, watertight and resistant to water, knocks and scratches, equipped with control panel and colour LCD monitor with anti-glare sunshade.

The integrated digital video recorder allows recording on external USB memory, with a long autonomy thanks to the rechargeable Li-Ion battery. The high-resolution CCD camera is equipped with adjustable LED illumination.

In addition, a remote control is included to control all functions.

HVAC pipes

Ø 30 to 400 mm

Scratch-resistant, waterproof, sapphire glass LCD camera

## TECHNICAL FEATURES

Camera	1/3" Sony CCD Ø22mm with sapphire crystal lens
Camera angle of vision	130 °
Viewing range	1000 mm
Colour image quality:	420 TV lines
Camera cable length	30 meters
Monitor	10" TFT-LCD Color
Image resolution	1920*1080 AHD
Sealing (Camera)	Submersible to 20 m in water
Illumination	15 white LEDs of adjustable brightness
Battery	Rechargeable LI-ION 7,2V / 6400mAh
Charger	110-230 V / 50-60Hz a 12V/1,5A
Charging time	10 hours
Battery duration	6-7 hours
Dimensions [L x W x H]	517 x 434 x 200 mm 20.3 x 17 x 7.9 inch
Weight	12 kg / 26 lb
